**Redundancy of the Lempel-Ziv incremental parsing rule - all 2 versions »**

SA Savari - Information Theory, IEEE Transactions on, 1997 - [ieeexplore.ieee.org](#)

... 1, JANUARY 1997 9 Redundancy of the Lempel-Ziv Incremental Parsing Rule ... Zndex Terms-  
Lempel-Ziv codes, Markov sources, unifilar sources, renewal theory. ...

Cited by 43 - Related Articles - Web Search - BL Direct

**Simple universal lossy data compression schemes derived from theLempel-Ziv algorithm - all 2 versions »**

E Yang, JC Kieffer - Information Theory, IEEE Transactions on, 1996 - [ieeexplore.ieee.org](#)

... 1994. Simple Universal Lossy Data Compression Schemes Derived from the Lempel-Ziv  
Algorithm En-hui Yang and John C. Kieffer, Fellow, IEEE Abs li-act— Two ...

Cited by 31 - Related Articles - Web Search - BL Direct

**Redundancy of the Lempel-Ziv string matching code - all 2 versions »**

SA Savari - Information Theory, IEEE Transactions on, 1998 - [ieeexplore.ieee.org](#)

... Redundancy of the Lempel-Ziv String Matching Code Serap A. Savari, Member, IEEE ... Index  
Terms—Data compression, Lempel-Ziv codes, unifilar Markov sources. ...

Cited by 10 - Related Articles - Web Search - BL Direct

**A probabilistic approach to some asymptotics in noiselesscommunication - all 2 versions »**

SA Savari - Information Theory, IEEE Transactions on, 2000 - [ieeexplore.ieee.org](#)

... the performance of a universal source code is to study how well it compresses a  
random output from a known probabilistic source. The Lempel-Ziv codes are ...

Cited by 13 - Related Articles - Web Search - BL Direct

**An embedded true random number generator for FPGAs - all 2 versions »**

P Kohlbrenner, K Gaj - Proceedings of the 2004 ACM/SIGDA 12th international ..., 2004 - [portal.acm.org](#)

... The apparent random output would then be just a complicated, but deterministic,  
combination of ... 130 142 96 102 103 127 106 83 0.000105 0.9907 Lempel-Ziv 107 108 ...

Cited by 19 - Related Articles - Web Search

**Compact FPGA-based true and pseudo random number generators - all 8 versions »**

KH Tsai, KH Leung, PHW Leong - Field-Programmable Custom Computing Machines, 2003. FCCM ..., 2003 -  
[ieeexplore.ieee.org](#)

... using this approach [22], our implementation uses a very high frequency clock (up  
to 400 MHz) and does not require a scrambler to achieve good random output. ...

Cited by 34 - Related Articles - Web Search

**On the performance of data compression algorithms based upon stringmatching - all 3 versions »**

E Yang, JC Kieffer - Information Theory, IEEE Transactions on, 1998 - [ieeexplore.ieee.org](#)

... 1. INTRODUCTION S TARTING with the work of Ziv and Lempel [12], [23], and [24],  
string matching has become a basic concept in the area of data compression. ...

Cited by 59 - Related Articles - Web Search - BL Direct

**Renewal theory and source coding - all 2 versions »**

SA Savari - Proceedings of the IEEE, 2000 - [ieeexplore.ieee.org](#)

... the performance of a universal source code is to study how well it compresses a random output from a known probabilistic source. The Lempel–Ziv codes are ...  
[Cited by 4](#) - [Related Articles](#) - [Web Search](#) - [BL Direct](#)

**Variable-rate trellis source encoding** - all 4 versions »

E Yang, Z Zhang - Information Theory, IEEE Transactions on, 1999 - [ieeexplore.ieee.org](#)  
 ... are: 1) the Lempel–Ziv codeword length function LZ , where LZ is the number of bits assigned by the Lempel–Ziv code [61] to ... one gets the random output ...  
[Cited by 8](#) - [Related Articles](#) - [Web Search](#) - [BL Direct](#)

**An on-line universal lossy data compression algorithm via continuous codebook refinement. I. Basic ...** - all 5 versions »

Z Zhang, VK Wei - Information Theory, IEEE Transactions on, 1996 - [ieeexplore.ieee.org](#)  
 ... the Lempel–Ziv algorithm. ... GW is designed to build up an optimal codebook regardless of the choice of  $q(y)$ . Let  $\{Y(t)\}$  denote the random output process of the ...
